

HETLETVED QUARTER HORSES'

18th Annual Production Sale

Lot 27

AUGUST 16, 2015
NOON CST

Our family welcomes you.

Rolling hills. Blue Skies. Dakota "peaceful." To many, this is the definition of the American Cowboy's Heritage. To Hetletved Quarter Horses, this is simply home, where we are blessed to be able to offer you over 50 years of horse breeding. With that said, this past breeding season was a perfect storm of mishaps that have led us to a smaller offering this year. We lost "Copper" aka Rolling Jax Copper mid-breeding season which led to some open mares, along with a few storms that came through that claimed five of our foals, along with a few keepers to perpetuate the program. We are offering a quality group of foals along with some outstanding riding horses and a two year old stud prospect. We welcome you to come take a look and thank you for your interest.

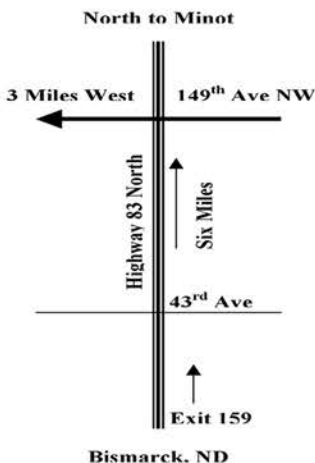

Where did this begin? It started in Big Sky country, where Bub and Nona Nunn saw the necessity of good horses, capable of covering big country as well as performing in the arena. Their program was accomplishing just that, and then Nunns discovered High Rolling Roany as a promising foal. High Rolling Roany proved to be a legend in his own time. His progeny possess amazing maternal traits from rich milk to being self-sustaining in the pasture. In addition, High Rolling Roany's get offer size, cow ability, disposition, sound structure and mind, a will to work, and feet that will put farriers out of business. Bub loved good horse flesh--believing that without hip, foot, and bone a saddle was wasted. He valued a hip that could drag calves all day and still make good time and distance across the wide-open prairie; he wanted black feet so that they could self-sustain in the rugged Montana terrain; and he demanded a cannon bone that didn't resemble a coyote's leg. Through this partnership a friendship was developed that we are thankful to have had. We tip our hats to him this time of year when we remember his 2013 ride from these earthly pastures.

The Hetletved Quarter Horse program offers the highest concentration of High Rolling Roany with the largest band of High Rolling Roany daughters (owning 60%) as well as a HRR son in the stud battery. We are excited to see our planning and breeding come to fruition with a foal product that makes us proud. These Roany descendents are known for their uniformity, maternal traits, and saddle-fitting withers for covering big country with good foot and bone.

The Hetletved Quarter Horse Ranch is a family-run business that consists of a horse breeding and cattle operation located near Robinson, North Dakota. Gene and Jan run a cow-calf operation, farm some acreage, and the Dakota Hills Hideaway hunting lodge. Gene is main strategist and pedigree man. Jan is the main photographer of all of our foal pictures. We enjoy our horses and strive to make them nice to look at while they are being used. We work cattle the old fashioned way by dragging them to the fire. Our horses are not strangers to the chores that a ranch requires. It won't matter if you are looking to check those yearlings that refuse to stay in or wanting to stretch that corner fence that won't stay tight; we have a horse bred to take care of you. Ranch, performance, or show, we invite you to take a look.

Gene and Jan have two sons--Lee and Clint. Lee and Penny Hetletved own LH Equine Center, the facility where the sale is hosted. Lee is an agriculture education teacher and Penny is the Director of Education both in the field of corrections. Lee is a USA Archery Coach, and Penny puts together the sale catalog and the website. Their daughters, Kinley and Hatley help prep foals, are active in many activities, and are both national archers. There is no "OFF" season to archery. Some of the highlights for this year are repeat state championships for Hatley as well as Kinley's gold medal team finish at the Voyager and being accepted into JDT camp (pre-Olympic preparation camp). Clint is the go-to man for mechanical expertise on the ranch. Clint and Lacey live in Wilton. He trucks and ranches with Gene and Jan. His wife Lacey is a loan officer at Capital Credit Union. Tucker is his dad's right hand man who can quickly bring a smile to our faces as he finds his words and expresses his love for tractors. Abbie Jo is the youngest and works hard to be in the middle of the action.

Thank you for taking an interest in our program. We welcome visitors and appreciate your business.

No delivery is available until final settlement is made on all purchases. Buyers must make arrangements for care of horses at their own risk until delivery is taken. Talk to the Hetletveds if you want a younger foal to go back on the mare. Any foals returning to the ranch must be picked up a month after the sale. Announced changes in the catalog information on sale day take precedence over printed material in this book. Every effort has been made to ensure correctness of this catalog, but sellers and managers assume no responsibility for errors or omissions. The auctioneer, announcer, employees, and sale management act as agents only for the sellers, but assume no liability for the buyer or seller.

Health: Health of these horses is excellent. Individual health papers with a Coggins test will be issued for shipment anywhere in the US. All Hetletved foals will be wormed and handled in the round pen. All Hetletved foals' halters will accompany the foals to their new owners.

Extras: The volume buyer for Sunday's Production Sale will be presented with a sale shirt courtesy of Hetletved Quarter Horses. The Hetletved Showcase Champion during Saturday's preview (4 PM) will be awarded a handmade saddle crafted by Gary Gebhard.

We sell in catalog order. We sincerely thank you for your interest in our sale, and thank you very much for coming!

Lonsum Drift 045 is a 1997 stallion that fits into our production operation nicely. He is well-dispositioned and owns an incredible pedigree. Drift rides out well...he is quick and handy under saddle.

Drift consistently produces top quality foals for our sale. He is a strong breeder that puts big hips on his foals along with good foot and bone. Several of Drift's colts are standing at stud. We also have young geldings of Drift's on several ranches, and the buyers are very pleased with them. They are smart, quick to learn, and easy to get along with.

Drifts Chip's first AQHA performers earned points in open reining and open heeling. Many of his foals are highly valued rodeo and ranch horses. Lonsum Tiger was the 1979 NCHA Reserve World Champion Cutting Horse. Tiger Leo AAA has sired 24 Superior, 10 AQHA Champions, 4 World Champions, and 3 Reserve World Champions. Kiowas Diana, a triple bred King mare, is the dam of 3 AQHA Champions, and 592 AQHA Open Points. All of her performers are full brothers and sisters to Lonsum Tiger.

Lonsum Drift 045 is 12.5% Driftwood, 4.69 % Joe Reed, with 14 crosses to Traveler, 10 crosses to Little Joe, and 9 crosses to Peter McCue.

"Pete" is an old fashioned foundation stallion with muscle, hip, and bone. He really proved himself with our first offering of foals out of him last year. We are very pleased with his foals, and his disposition and pedigree are hard to top. His foals are smart and easy to work with. Pete's pedigree represents: 53.2% Peter McCue cross connections, 12.5% High Rolling Roany, 11.8% Pigginn String, 9.6% Locks Rondo, and 4.9% Driftwood.

Copper Roan

We lost this stallion mid-way through last breeding season. We lost a little piece of ourselves with him. Jax Rolling Copper, a 1998 stallion, was a son of High Rolling Roany, born on our ranch out of one of Bub's mares, but raised by Bub Nunn. Gene kept and rode "Copper" for two winters when Copper was younger. He carried many of his sire's characteristics with his strong build and large frame. His bottom side offered more crosses to Driftwood and Apple Jax.

We were able to purchase Copper in 2011 and were continually pleased about the consistency of his foals. Copper had a shocking resemblance to his sire, High Rolling Roany. His dam, High Rolling Copper, was an amazing producer for us. Copper had the disposition that High Rolling Roany was known for along with good bone, a kind eye, and a gentle manner. He was 75% High Rolling Roany, 10.16% Joe Hancock, and 9.38% Driftwood and went back to the legendary Peter McCue seventeen times!

AQHA Ranching Heritage

Hetlveted Quarter Horses is proud to be a recognized, invited member to the AQHA Ranching Heritage Breeders' Association. AQHA Ranching Heritage Breeders should embody the longevity, integrity and honesty of the ranching tradition. AQHA Ranching Heritage Breeders are those that breed and raise the ranch-type horse, which remains at the core of the American Quarter Horse Association and epitomizes the breed's versatility.

We want to offer some of Copper's best, and this filly was awfully difficult to let go. She's "right" in every way. This dam is a full sister to "Junior," our calf horse, that Kinley has also used in the youth rodeos. You cannot go wrong with this filly. She is 37.5% High Rolling Roany with fifteen crosses to Joe Hancock and thirteen crosses to Peter McCue...you can't get any more proven ability than that!

This filly was smart and quick to give in the round pen. "Vegas" is a tremendous producer--her foals are always deep-cinching. Past customers have reported that this foal's siblings are athletic and give a 100% under saddle. If our foal numbers weren't down this year, this filly would not leave the ranch. She's a "keeper" in every way. We are retiring this dam, so this is will be her final foal offering.

Here's a nice filly with speed who could serve a person well under saddle and also make a tremendous brood mare. She has multiple crosses to High Rolling Roany which certainly explains her quick learning and disposition within the round pen.

This is a really sharp filly that was smart and handled nicely in the round pen. Lee found her granddam to be very athletic under saddle. Texas High Stearns is a half sister to "Two Socks," the kid horse known across the state of North Dakota! This filly is 23% High Rolling Roany, with fifteen crosses to Joe Hancock and seven crosses to Three Bars--speed, cow, and smarts!

Here's another Copper colt out of a Hancock bred mare that is proving to produce excellent riding horses. This foal is a full brother to the riding mare selling as Lot 27. This colt is built to withstand the work that great horses do with excellent bone and a big set of britches. This colt's pedigree represents: 37.5% High Rolling Roany, 9.38% Driftwood, and 8.79% Joe Hancock (fourteen crosses).

Lot 26 is a full sister who will be shown in the HQH Showcase.

This High Rolling Roany daughter is on her last foal crop. She's been a consistent producer for us, and we have a daughter of hers in our band as well. This filly is stout and "uniquely red." She is a nice filly who was alert and handled quickly in the round pen.

We kept "Casino" as a stallion prospect--and he is indeed. However, Lee and I need to cut back on horses due to our daughters' archery travel schedules and won't be able to invest the time that he deserves. Casino is smart and quick to give in the round pen. "Vegas" is a tremendous producer--her colts are always deep-cinching. This stallion is 25% High Rolling Roany, 9.38% Driftwood, 4.30% King (AQHA Hall of Fame Legendary Sire), 3.91% Joe Hancock, and has eight crosses to Traveler (AQHA Hall of Famer from the early 1900's). A really nice gelding that is looking to please. He is really soft in face and body. He shows a lot of cow and really wants to stop, is gentle, and is easy to be around. I have been roping some cattle on him. He pulls hard and doesn't get worried. He is 14.2 hands, 1000 lbs. and will be in the ranch horse competition. For more information, call 406.927.7871.

Fancy Copper Hancock is a 3 year old bay roan that anyone can ride; quiet, gentle, good stop, and soft handle. She has been trained on the ranch with 120+ rides and counting. The resume already says "done it all on the ranch" from doctoring cattle to dragging calves, and cutting and penning cow calf pairs. Both last year and this year, she was used to calve out cows. Quick to learn, she was pasture roping baby calves since ride #7. She has a natural tracking sense. She would make a good roping horse prospect with her big bone, stout build, and speed. She is entered to be ridden in the saddle competition at the sale on Saturday, so come see. She will have Coggins test done for sale day. *Lot 19 is a full brother. * For more information, call 701.269.5864.

"Junior" is a one-in-a-million gelding. Born on the ranch out of "Lucky" who was Gene's healing horse, Lee has done all of the training on him--he's light with an excellent handle. He's a seasoned tie down roping horse that would be excellent for a junior high or high school roper looking to upgrade. He's solid in the box. He scores well, watches cattle sharply, and breaks quick to the pin.

When we were traveling in rodeo, Kinley was able to do barrels, poles, goats, flag race, etc. on him at the youth rodeos...not because he was patterned in those events but because he was dog-broke with a great handle. He'd make an amazing goat tying horse.

Junior has been used in ranch rodeos. He was voted top horse in a 2011 event. He has been in several ranch horse competitions where he has always placed at or near the top.

He's dragged thousands of cattle to the fire over the years, is super cowy, and is very athletic. Easy to load, trim, etc. He has a lot of years left for the rodeo arena or ranch life. We'll miss him.

Foal notes: The dams of Lot 2 & 3 share Junior's ancestry. For more information, call 701.226.1363 or 701.226.2775.
