19TH ANNUAL PRODUCTION SALE

AUGUST 21, 2016

NOON CST

WITH GUEST CONSIGNORS:

ROAN ROSE RANCH ~ RONALD BELGARDE

HIGH ROLLING LUCKY

LONSUM DRIFT 045

AWESOME ROANY

Lot 8

Our family welcomes you.

Rolling hills. Blue Skies. Dakota "peaceful." To many, this is the definition of the American Cowboy's Heritage. To Hetletved Quarter Horses, this is simply home, where we are blessed to be able to offer you over 50 years of horse breeding. We are offering a quality group of foals along with seven head from guest consignors. We welcome you to come take a look and thank you for your interest.

Where did this begin? It started in Big Sky country, where Bub and Nona Nunn saw the necessity of good horses, capable of covering big country as well as performing in the arena. Their program was accomplishing just that, and then Nunns discovered High Rolling Roany as a promising foal. High Rolling Roany proved to be a legend in his own time. His progeny possess amazing maternal traits from rich milk to being self-sustaining in the pasture. In addition, High Rolling Roany's get offer size, cow ability, disposition, sound structure and mind, a will to work, and feet that will put farriers out of business. Bub loved good horse flesh--believing that without hip, foot, and bone a saddle was wasted. He valued a hip that could drag calves all day and still make good time and distance across the wide-open prairie; he wanted black feet so that they could self-sustain in the rugged Montana terrain; and he demanded a cannon bone that didn't resemble a coyote's leg. Through this partnership a friendship was developed that we are thankful to have had. We tip our hats to him this time of year when we remember his 2013 ride from these earthly pastures.

The Hetletved Quarter Horse program offers the highest concentration of High Rolling Roany with the largest band of High Rolling Roany daughters (owning 60%) as well as a HRR son in the stud battery. We are excited to see our planning and breeding come to fruition with a foal product that makes us proud. These Roany descendents are known for their uniformity, maternal traits, and saddle-fitting withers for covering big country with good foot and bone.

The Hetletved Quarter Horse Ranch is a family-run business that consists of a horse breeding and cattle operation located near Robinson, North Dakota. Gene and Jan run a cow-calf operation, farm some acreage, and the Dakota Hills Hideaway hunting lodge. Gene is main strategist and pedigree man. Jan is the main photographer of all of our foal pictures. We enjoy our horses and strive to make them nice to look at while they are being used. We work cattle the old fashioned way by dragging them to the fire. Our horses are not strangers to the chores that a ranch requires. It won't matter if you are looking to check those yearlings that refuse to stay in or wanting to stretch that corner fence that won't stay tight; we have a horse bred to take care of you. Ranch, performance, or show, we invite you to take a look.

Gene and Jan have two sons--Lee and Clint. Lee and Penny Hetletved own LH Equine Center, the facility where the sale is hosted. Lee is an agriculture education teacher, and Penny is the Director of Education both in the field of corrections. Lee is a USA Archery Coach, and Penny puts together the sale catalog and the website. Their daughters, Kinley and Hatley help prep foals, are active in many activities, and are both national archers. Clint is the go-to man for mechanical expertise on the ranch. Clint and Lacey live in Wilton. He trucks and ranches with Gene and Jan. His wife Lacey is a loan officer at Capital Credit Union. Tucker is his dad's right hand man who can quickly bring a smile to our faces as he finds his words and expresses his love for tractors, cows, and farming. Abbie Jo is the youngest and works hard to be in the middle of the action. She can be found with her boots on no matter the weather or the outfit and a sparkle in her eye.

Thank you for taking an interest in our program. We welcome visitors and appreciate your business.

Every animal sells to the highest bidder with the auctioneer settling any and all bid disputes. All lots are buyer's property as soon as the gavel drops. No delivery is available until final settlement is made on all purchases. Buyers must make arrangements for care of horses at their own risk until delivery is taken. Talk to the Hetletveds if you want a younger foal to go back on the mare. Any foals returning to the ranch must be picked up a month after the sale. Announced changes in the catalog information on sale day take precedence over printed material in this book. Every effort has been made to ensure correctness of this catalog, but sellers and managers assume no responsibility for errors or omissions. The auctioneer, announcer, employees, and sale management act as agents only for the sellers, but assume no liability for the buyer or seller.

Health: Health of these horses is excellent. Individual health papers with a Coggins test will be issued for shipment anywhere in the US. All Hetletved foals will be wormed and handled in the round pen. All Hetletved foals' halters will accompany the foals to their new owners.

Extras: The volume buyer for Sunday's Production Sale will be presented with a sale shirt courtesy of Hetletved Quarter Horses. The Hetletved Showcase Champion during Saturday's preview (4 PM) will be awarded a handmade saddle crafted by Gary Gebhard.

We sell in catalog order. We sincerely thank you for your interest in our sale, and thank you very much for coming!

Lonsum Drift 045 is a 1997 stallion that fits into our production operation nicely. He is well-dispositioned and owns an incredible pedigree. Drift rides out well...he is quick and handy under saddle.

Drift consistently produces top quality foals for our sale. He is a strong breeder that puts big hips on his foals along with good foot and bone. Several of Drift's colts are standing at stud. We also have young geldings of Drift's on several ranches, and the buyers are very pleased with them. They are smart, quick to learn, and easy to get along with.

Drifts Chip's first AQHA performers earned points in open reining and open heeling. Many of his foals are highly valued rodeo and ranch horses. Lonsum Tiger was the 1979 NCHA Reserve World Champion Cutting Horse. Tiger Leo AAA has sired 24 Superior, 10 AQHA Champions, 4 World Champions, and 3 Reserve World Champions. Kiowas Diana, a triple bred King mare, is the dam of 3 AQHA Champions, and 592 AQHA Open Points. All of her performers are full brothers and sisters to Lonsum Tiger.

Lonsum Drift 045 is 12.5% Driftwood, 4.69 % Joe Reed, with 14 crosses to Traveler; 10 crosses to Little Joe, and 9 crosses to Peter McCue.

We lost this stallion mid-way through the 2014 breeding season. We lost a little piece of ourselves with him. Jax Rolling Copper, a 1998 stallion, was a son of

High Rolling Roany, born on our ranch out of one of Bub's mares, but raised by Bub Nunn. Gene kept and rode "Copper" for two winters when Copper was younger. He carried many of his sire's characteristics with his strong build and large frame--he even whinnied the same as High Rolling Roany. His bottom side offered more crosses to Driftwood and Apple Jax.

We were able to purchase Copper in 2011 and were continually pleased about the consistency of his foals. Copper had a shocking resemblance to his sire, High Rolling Roany. His dam, High Rolling Copper, was an amazing producer for us. Copper had the disposition that High Rolling Roany was known for along with good bone, a kind eye, and a gentle manner. He was 75% High Rolling Roany, 10.16% Joe Hancock, and 9.38 % Driftwood and went back to the legendary Peter McCue seventeen times!

AQHA Ranching Heritage

Hetlved Quarter Horses is proud to be a recognized, invited member to the AQHA Ranching Heritage Breeders' Association. AQHA Ranching Heritage Breeders should embody the longevity, integrity and honesty of the ranching tradition. AQHA Ranching Heritage Breeders are those that breed and raise the ranch-type horse, which remains at the core of the American Quarter Horse Association and epitomizes the breed's versatility.

High Rolling Lucky is a 1999 stallion raised on our ranch who is a son of High Rolling Roany. He carries many of his sire's characteristics with his strong build and large frame. His bottom side offers more crosses to Hancock and Silver King. We rodeoed on High Rolling Lucky's dam, Quintas Lucky, along with full brothers and 3/4 sister to her. His dam's full brother qualified and competed at the National High School Rodeo Finals in 1989 as a heading horse for Lee. A full sister to Quintas Lucky competed in the cutting event with Lee on board at the National High School Rodeo Finals in 1991.

We've had a few Montana ranchers tell us that High Rolling Lucky's get are really riding nice. They seem to have just the minds we're wanting to offer and are built to last.

High Rolling Lucky's pedigree represents: 50% High Rolling Roany, 13.28% Joe Hancock, 7.62% Peter McCue (an amazing 25 crosses!), and 6.25% Driftwood.

High Rolling Lucky's 2016 foals are lots:

2, 6, 9, 11, 16, 19, 25, & 27.

High Driftin Hancock has quickly become an important part of our program. His foals are exceptional. They come with big hips, good minds, and beautiful color. His pedigree offers one of the highest concentrations of Driftwood and Hancock available. "Frosty" is a gentle, well-mannered, good-looking stallion with a keen head and soft eye. Under saddle, he is quick to learn and proves to have a good mind. He rides out well with natural cow ability and catlike agility.

Frosty's pedigree represents: 12.5% High Rolling Roany, 15.63% Driftwood, 14.45% Joe Hancock, 5.08% Peter McCue, and 4.69% Three Bars.

High Driftin Hancock's 2016 foals are lots: 4, 7, 14, & 28.

As our senior herd sire, Drift is very versatile. He rides and moves well and is great to take to the pasture or the arena. His great disposition and versatility is passed on to his colts. They are quick learners with great minds and have proven themselves as roping horses, being used at PRCA rodeos and USTRC roping. They are also being used/trained as barrel horses.

This horse "Hillbilly" is a 16 hand, super gentle gelding. Hillbilly has no fear of a rope and would make an excellent ranch horse prospect. He was roped on behind a Heel-O-Matic for about 120 days. Hillbilly has an excellent start and could go just about any direction... very athletic for a big horse. He will be shown at the time of the showcase.

This horse "Blue" is a really nice 16 hand gelding. He loves people and attention. Blue is very well started and could probably go any direction...ranch horse or head horse. Blue is very easy to move and has never offered to buck or act up. He is a very nice young horse. He will be shown at the time of the showcase.

MOUNTAIN MEN

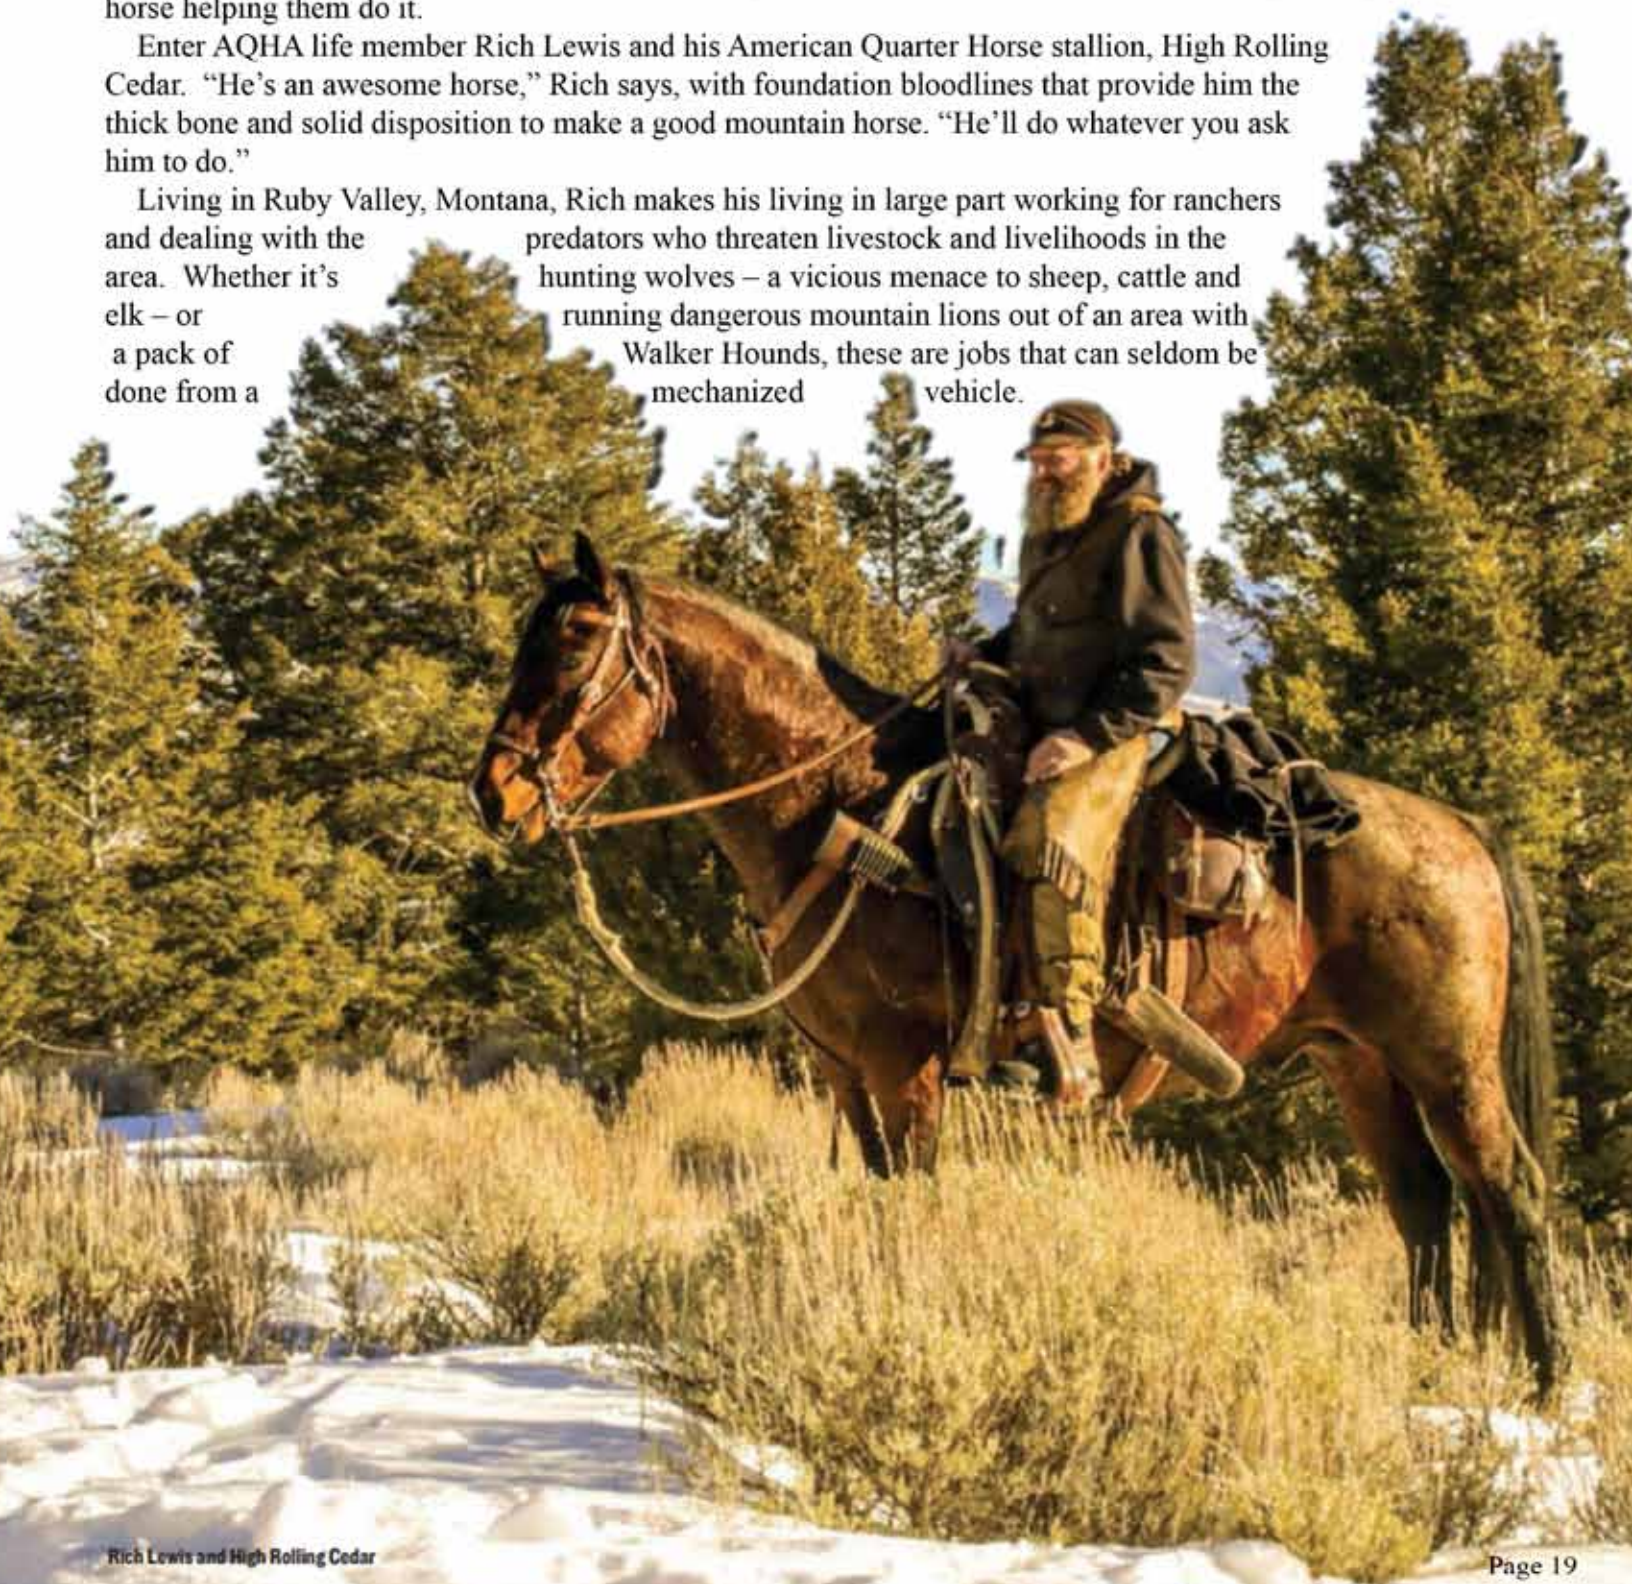

BY HOLLY CLANAHAN

Reprinted from August 2015 *America's Horse*

When the reality show "MOUNTAIN MEN" premiered its fourth season on the History Channel in mid-June, the show promised to show "a breed of men like no other – living off the land, battling ruthless predators and colliding with the power of nature in an enduring struggle to survive ... to live a life of total freedom in some of the most unforgiving environments on Earth." But what the producers don't tell you is that there's a pretty special breed of horse helping them do it.

Enter AQHA life member Rich Lewis and his American Quarter Horse stallion, High Rolling Cedar. "He's an awesome horse," Rich says, with foundation bloodlines that provide him the thick bone and solid disposition to make a good mountain horse. "He'll do whatever you ask him to do."

Living in Ruby Valley, Montana, Rich makes his living in large part working for ranchers and dealing with the predators who threaten livestock and livelihoods in the area. Whether it's hunting wolves – a vicious menace to sheep, cattle and elk – or running dangerous mountain lions out of an area with a pack of Walker Hounds, these are jobs that can seldom be done from a mechanized vehicle.

"We're riding in some real rough country," Rich says. "Whatever we need to get done, we use horses." Here's how the History Channel describes what Rich does: "Last year, the harsh winter forced hungry predators down from the mountains in search of easy prey on ranch land, and while Rich was busy chasing mountain lions, a new dominant threat emerged – wolves. This year, Rich steps up his role as the vigilante protector of Ruby Valley, Montana. While Rich will still be on point for cougars, the ranchers will have him working overtime to patrol the valley for wolves. Rich's strategy is to start early and try to push back the wolves before they're able to strike."

Rich, a down-to-earth man who loves living off the grid, with solar power and a cell phone that works only when he's on top of the mountain, chuckles a little when asked about his TV stardom. He has been on the show for three years. "I'm not better than anybody else," he says, "but it's a little extra money. It's a job, really, to me. And I try to show people little things, so it's kind of learning." And because he doesn't have television service, he doesn't watch the show as it airs. At the end of the season, producers send him the full season's worth of episodes on DVD (those are available for purchase), and Rich and his wife, Diana, watch them "a year behind," he says.

The show has typically filmed from November to April, although producers are talking about starting earlier this year to encompass some of the fall cattle work that Rich and his stallion help with. And, as you might expect, some of Rich's interesting encounters in day-to-day life don't get caught on film, so he has to recreate them when the camera crew shows up. Other times, the crew gets lucky. "I had some really good stuff this last winter with bobcats,"

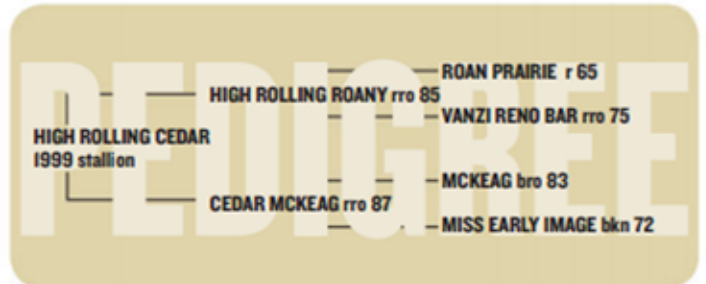

Rich says. "In the middle of the season, the dogs got a bobcat in the tree. I didn't want to kill it, but I wanted to have some fun, so I decide I'm going to cut the tree down." The camera shows the tree falling in slow motion, with the bobcat leaping through the air on its way down. "He's just flying, and his legs are spread out," Rich remembers. "That bobcat hit the ground, and he was just running at a dead run."

He chuckles as he recounts the story, and you wonder if he's not maybe an overgrown boy, playing in the woods. "Whatever I do, I have fun," says the 62-year-old. "It's awesome where we live. It's like heaven. You've got to enjoy life. That's what is sad ... it's just flying by and (people are) just missing all the fun they could be having." And the horses are a big part of his fulfillment. "I love horses," he says. He has been around horses his whole life, and he loves talking about them – especially High Rolling Cedar, or "Rusty." "The thing that I love about him, he has got the bone and the feet (No. 3 front shoes) and the size (1,450 pounds and 16 hands), and he's still an athlete. He's not like an old plow horse. ... His disposition is unbelievable."

Diana rides Rusty in dressage, and the stallion also does a lot of cow work. The Lewises also breed him to a few mares a year. "His babies, when they hit the ground, they're broke," Rich says. "He's something to be proud of."

Watch Rich and the other mountain men Thursdays at 8 p.m. Central on the History Channel. Visit www.history.com/shows/mountain-men to learn more about the show and its characters and to view full episodes online. Rusty won't be in every episode, but he is in several.

High Rolling Cedar, aka Rusty, was born on the Hetletved Ranch. Cedar McKeag was a long time broodmare in our band. From the rolling hills of North Dakota to the rolling of a movie camera...we are very proud.

LYLE HETLETVED

July 26, 1925 ~ September 7, 2015

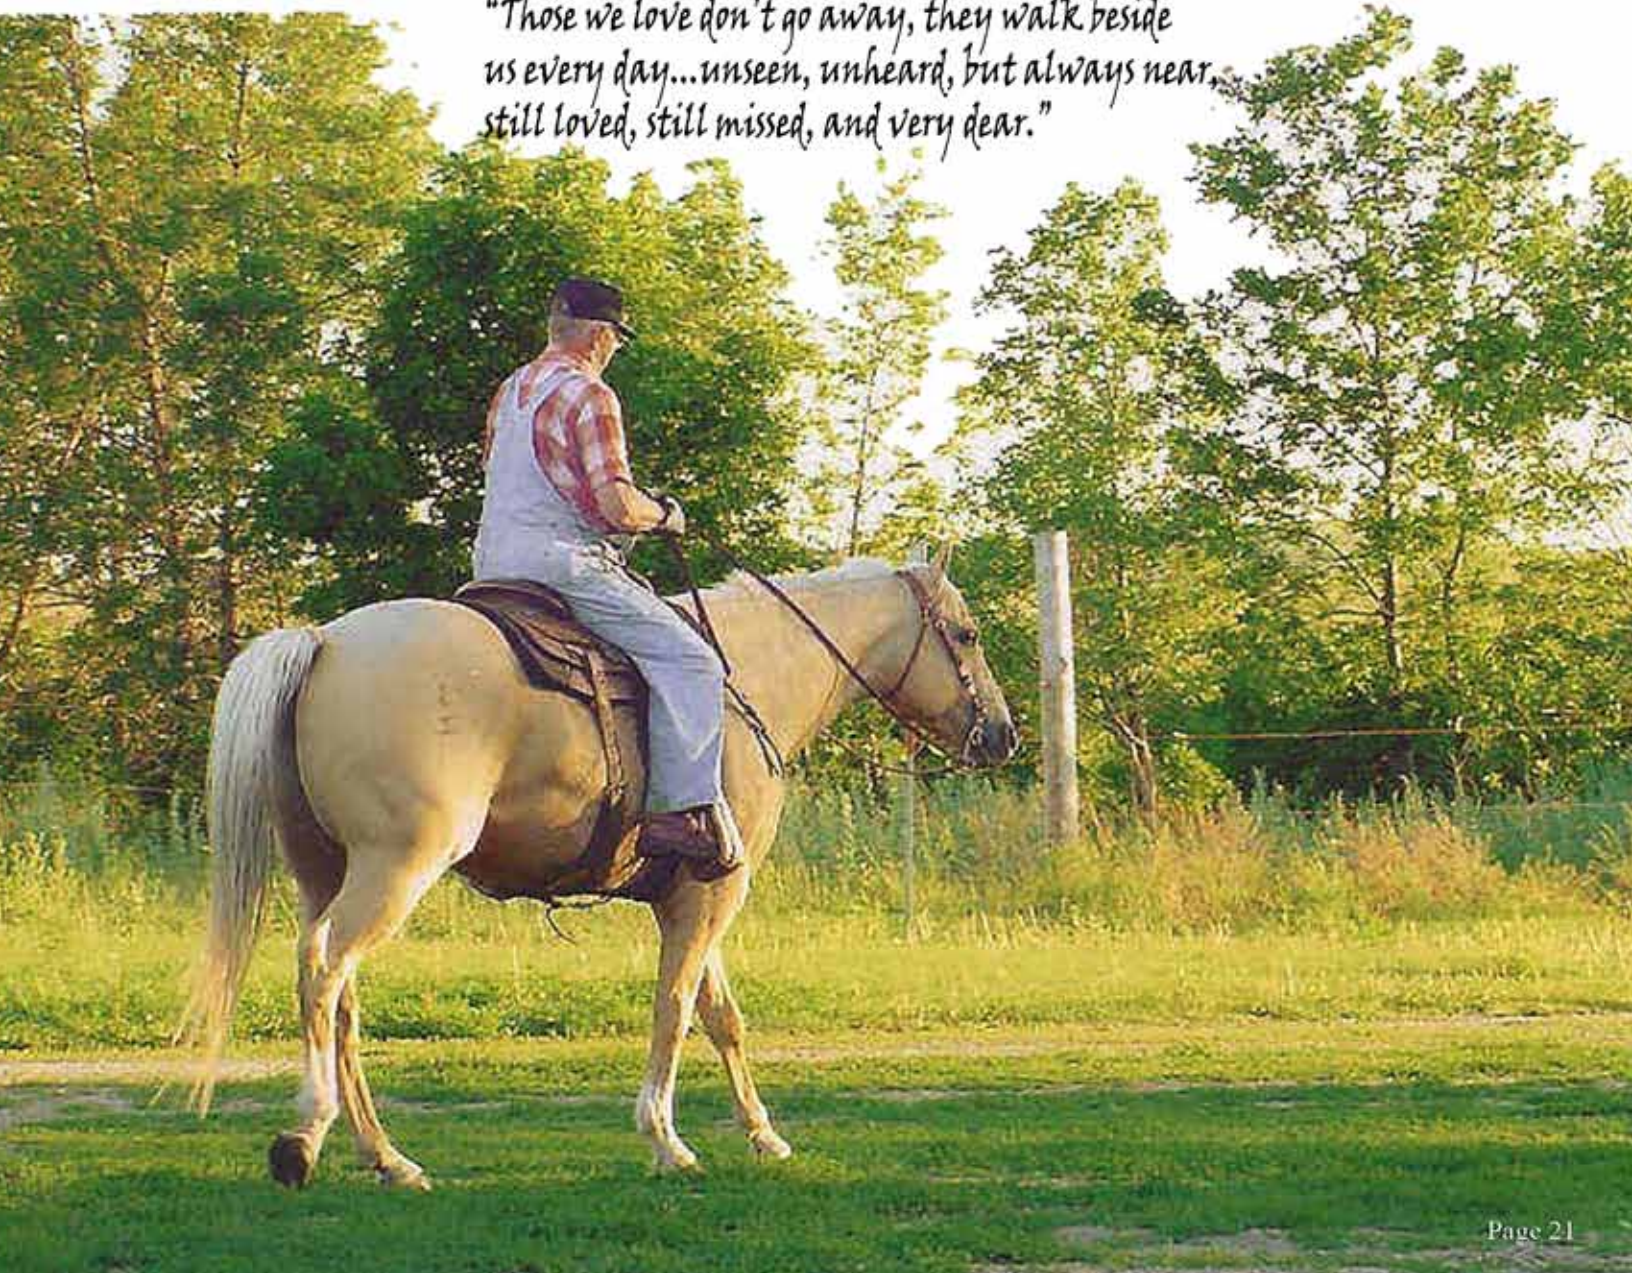

We lost one of our largest supporters and horse enthusiast. Gene's dad, Lyle Hetletved, aka Grandpa Lyle, took his last earthly ride on September 7, 2015. We were blessed to have had him on this earth for 90 years.

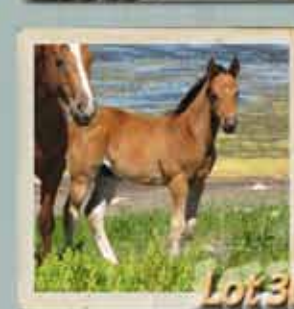

The LH Brand that Hetletved Quarter Horses uses on the left or right hip originated from Lyle (his initials). Lyle grew up on a farm north of Robinson, ND. He married Agnes in 1946 where they spent their lives raising cattle, sheep, and small grains.

Lyle was a community man where he served as an assessor for the township, a board member for the school, and a councilman for Bethany Lutheran Church. Lyle loved horses! His kids have fond memories of their time spent with him on horseback or in the sleigh. The picture below was after a long day of working foals in the round pen. We were sitting for a bit to catch our energy when the next thing we knew, Lyle was riding out of the yard on "Junior" a gelding out of Quintas Lucky, the dam of Hetletved Reference Sire High Rolling Lucky. Heaven has a new angel and a new story to tell.

"Those we love don't go away, they walk beside us every day...unseen, unheard, but always near, still loved, still missed, and very dear."
