Welcome...

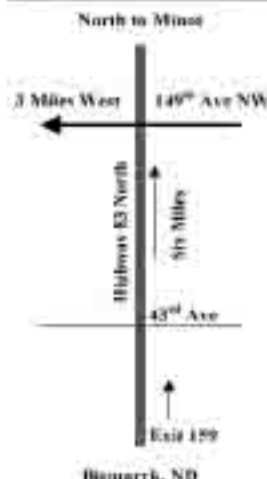

We would like to welcome you to our Fourth Annual Missouri River Breaks Performance and Ranch Horse Sale. Our mission is simple. We want to establish a consignment sale with exceptional started and finished horses in various disciplines within the arena and on the land. We are pleased to present this year's outstanding lots for a broad spectrum of horse seekers. This is our best offering yet of riding horses. We have finished performance, started, bombproof, kids' horses, and anywhere in between. When looking through the catalog, please give us a call. We will gladly give you the contact information for any of the consignors.

There are many people that need to be recognized for helping out in various ways. The list is long, but we truly appreciate all for helping make this event possible. Special thanks to our consignors for bringing top-notch horses and prospects. Make sure to stick around after the Hetletved Quarter Horse Production Sale to take in the ranch horse competition for our MRB Sale Horses. That competition is another opportunity for our consignors to be able to show all of you just what their horses can do. We have two hand-crafted buckles, made by Darryl Howard. One of those buckles goes to the champion of the ranch horse competition. The matching buckle will be presented to the buyer of that horse immediately following the MRB Sale on Sunday. Sunday's volume buyer will be presented with tack sponsored by Diamond W after the sale.

As each year comes, we hope to implement great things that not only benefit our consignors but also offers a benefit to the equine industry. The top three winners in the ranch horse competition will get to pick their place in the sale. The rest will sell in catalog order. If you would like to see the ranch horse pattern, visit our web site listed above.

Our facility, LH EQUINE CENTER, is open year round. We are hosting many types of events, roping as often as we can, as well as offering full-time boarding services. Penny's parents, Dan & Paula Veit, help facilitate many of our events. Dan is also a full-time horse trainer at our facility. We raise horses that are meant to be used. Our horse program is a family operation where we help out Lee's folks, Gene and Jan Hetletved, as well as owning our own band of mares with foals being offered within Saturday's sale. More information on our horses can be found at www.HQHRANCH.com and our family bio is in conjunction with the Hetletveds' Welcome Page.

Thanks again for your interest and support,
Lee, Penny, Kinley, & Hatley Hetletved

We've owned King since he was a yearling. He's drag lots of calves to the fire, and roped outside doctoring yearlings. He is sensible, quiet, quick, willing, and capable. He moves freely with confidence. He is a pleasure to ride outside and has experienced all phases of ranching in the Breaks. He's never been in an arena, but he has the working experience and ability to be a strong candidate for an arena horse. *Ranch Horse Competitor*

He has 1100 hours of riding experience according to statistics, horsemanship, and more. This is also because we put experienced friends and family on whom they trust to ride with him when he's going riding to make it safe and fun. He's one of those great horses who really is his own rider. Easy to clip, brush, handle. Saw it AQHA Champion Deal Year Sale! This is truly an opportunity to own a horse of a lifetime. Storm & Dawn (Nos. 14 & 17) grew up in our ranch in the Woods in Montana. They are very solid, gentle, capable, and striking young horses. They had easy shoe outs, and are good with goats. They have drug culture at branding, handle cattle well, and travel well outside. They haven't had experience in an arena, but both are strong competitors for arena competition. They are breaking their best ability and would make a great racing team or Grand Entry team. *Ranch Horse Connection*

He was put to the test during roping for a day's work in roping without a problem. He's an excellent pasture horse—great for cutting, cutting paper, branding, slow driving in AT, penning, and stock work. He has up-back and an exceptional feel would go along with him. He shows natural color in colored manes along with great line and body. Sak Em Son is from the Cross Fire A with legends with the name—Prissy Cline is the dam of the great Sak Fire. He's big with a real big stall's mane, really big horns and enough more, gentle, and sure for your needs. *Ranch Horse Competitor*

This mare is one of the best GELDINGS I have ever owned. She loves cattle and has been used to drag calves to the pens, sorting, delivering, open gates, and all of the work that goes with ranching. She will be shown in the Craig Cameron Extreme Cowboy Race on July 13th & 26th in Buford, ND and will also be in the ranch horse competition at the same. She likes to see 7" hushers. Toe Talley Blue
Flashy Chalette

Hershey is a dark palomino. He is beautiful to look at and an easy worker. This is enough horse to go all day. He is sure-footed, nice to be around, and will watch a cow.

Here's a nice gelding with a gentle disposition. "Dakota" has been ridden for sixty days on the ranch. Dakota is big, stout, and has lots of ability. He should make someone a top notch saddle or performance horse. We was born and raised right here on the ranch.

"Baker" weighs 16 lbs and has been ranched on since he was three years old. He can really cover ground out to the open. Baker is good for all day. He has been headoff on for the last year. Baker scores well, runs hard, and rates well. He really handles cattle nicely and has the ingredients to make a big-time hard horse.

Jewels of Hollywood is a seven year old riding mare. Good looking palomino with unique colored mane and tail. By HP Machine, NCHA money earner, and out of an even daughter of Freckles Wrangler. This mare's pedigree says cow on both sides, but she is gentle enough for the whole family. Easy to catch and very people friendly. More info at www.springerbrookcaring.com

"Brando" is a four year old powerhouse gelding that has been ridden by Chase Dumbrower and is well started. With Two Eyed Jack and San Peppy breeding, he is capable of doing just about anything. With his muscle and athleticism, added to his good looks, you'll be able to use him which ever way you want to go. He'll have the strength to do it. He has unlimited potential—we think you will agree when you see him.

Patriot is a 15.2 hh gelding I purchased from a neighbor. I rode him for 30 days as a 7 year old and I work as a 3 year old. After that, he didn't get ridden much until I bought him this May. He's been chasing Buffalo, heading steers, and riding in big pastures. He'll cross water and logs. Patriot is hobble broke and coming along very well, he will make someone a nice head horse or ranch gelding. "Ranch Horse Competitor"

This is a flashy yearling who is my pick of the year 2007 filly. This filly's dam is one of my top producers. Full brothers to this filly have proven to be outstanding ranch horses. With lots of cut and eye appeal, she should make a barrel or heading horse prospect.
