Missouri River Breaks Performance & Ranch Horse Sale  
2:00 PM CST

Travis Vaad will be performing and offering time for fellowship at LH Equine Center during our sale weekend. Travis Vaad grew up in Chamberlain, South Dakota on a cattle ranch along the Missouri River. His passions are the outdoors including hunting and fishing, and he is a professional pheasant hunting guide.

Music is also a passion, and he will be releasing his debut album entitled "Jesustown" in July.

Travis, his wife Jenna and two children (Nissi and Judah) have traveled extensively across America sharing their faith and encouraging people to know the one who created them and inspiring people to step into the "movie script" that the Lord Jesus Christ has for their lives.

The Ronald McDonald House holds a special place in our (Lee & Penny's) hearts. When our oldest daughter was born, Kinley had an intestinal condition that required her to stay in the hospital for the first six weeks of her life. During that time, we were accepted into the Ronald McDonald House for lodging as well as fellowship. That was such an exciting time for us, and thanks to the Ronald McDonald House, there was not the additional financial burden of hotel rooms.

All proceeds of Saturday evening's entertainment along with a yearling that our family is donating to the auction will go to the Ronald McDonald House. Currently, in addition to monetary donations, the Ronald McDonald House needs: coffee, tea, fresh or frozen meat, microwavable food items, tall trash bags, kitchen trash bags, lawn trash bags, bleach, laundry detergent, deodorant, baby wipes and food, liquid soap, shampoo, meals in a box, and meals in a can.

The yearling filly is sired by High Poco Jax and Leos Silky Sugar. She's sorrel but as gentle as they come. A full sister is in Saturday's Production Sale as Lot 57.

Registration and Transfers: All weanlings will sell with application for registration with AQHA. HQH foals will be registered with AQHA. HQH foals' papers will be mailed to the buyers once papers are received from AQHA. Transfers will be filled out sale day, so please remember to bring your AQHA membership ID number to the sale.

Terms and Conditions: Terms of this sale are cash, personal check, or cashier's check (US Funds). Driver's license or some other form of identification will be required for checks. The sale personnel will withhold registration papers for MRB horses until checks clear the bank. If any buyer wishes to obtain registration papers immediately, the horse must be paid for in currency or certified check. Every animal sells to the highest bidder with auctioneer, Seth Weishaar, settling any and all bid disputes. All horses are buyer's property as soon as the gavel drops. No delivery is available until final settlement is made on all purchases. Buyers must make arrangements for care of horses at their own risk until delivery is taken. Announced changes in the catalog information on sale day take precedence over printed material in this book. Every effort has been made to insure correctness of this catalog, but sellers assume no responsibility for errors or omissions. The auctioneer, announcer, employees, and sale management act as agents only for the sellers, but assume no liability for either the buyer or seller. The right to "NO SALE" the animal is reserved for all sellers, before they leave the sale ring.

Health: Health of these horses is excellent. Individual health papers with a Coggins test will be issued for shipment anywhere in the US. All Hetletved foals will be wormed, vaccinated, handled, and tied. Each Hetletved foal's halter will accompany foal to their new owner. Every MRB horse in the sale is, to the best of our knowledge, free of disease or defect. Known defect(s) will be called on sale day. A veterinarian will be on hand to aide you in further inspection of your prospective purchases.

Extras: The volume buyer for Saturday's Production Sale will be presented with foal feed courtesy of Diamond W Animal Essentials of Bismarck. The volume buyer for Sunday's Performance and Ranch Horse Sale will receive a piece of tack from the same sponsor. MRB's 2008 Ranch Horse Competitors will be going for a handmade buckle made by Darryl Howard of Bismarck, ND. A matching buckle will be given to the buyer of that champion horse on Sunday. The top three Ranch Horse Winners will get to pick their position in Sunday's Sale. We sell in catalog order both days.

*Thanks for Coming!*

# Hetletved Quarter Horses

“The Best Kept Secret in the Dakotas and Montana!”

## Gene & Jan Hetletved

PO Box 11 ~ Robinson, ND 58478 ~ 701.392.8351 ~ HQHBK@BEKTEL.COM

Rolling hills. Blue Skies. Dakota “peaceful.” To many, this is the definition of the American Cowboy’s Heritage. To Hetletved Quarter Horses, this is simply home where we are blessed to be able to offer you over 50 years of horse breeding.

It started in Big Sky country, where Bub and Nona Nunn saw the necessity of good horses, capable of covering big country as well as performing in the arena. Their program was accomplishing just that, and then Nunn’s discovered High Rolling Roany as a promising foal. High Rolling Roany proved to be a legend in his own time. His progeny possess amazing maternal traits from rich milk to being self-sustaining in the pasture. In addition, High Rolling Roany’s get offer size, cow ability, disposition, sound structure and mind, a will to work, and feet that will put farriers out of business.

The Hetletved Quarter Horse program offers the highest concentration of High Rolling Roany with the largest band of High Rolling Roany daughters (owning 60%). Better yet, our mares were hand-selected for their superior traits from Bub Nunn, a well-respected rancher and horseman spending his life in the Dakotas and Montana. These Roany descendents are known for their uniformity, maternal traits, and saddle-fitting withers for covering big country with good foot and bone. Hetletved Quarter Horses’ Driftwood/Hancock stud battery includes a son and grandson of High Rolling Roany, a son of Drifts Chip, a son of Frostys War Chief, along with Zan Gold Jackson, a son of AQHA Heading and Heeling Champion Zan Gold Jack.

In an industry striving for consistency, we’re your source for horses carrying a pedigree rich in Driftwood and Hancock. Our foals are a historical package of ancestry full of athletic ability, cow sense, and sound foot and bone.

The Hetletved Quarter Horse Ranch is a family-run business that consists of a horse breeding and cattle operation located near Robinson, North Dakota. Gene and Jan Hetletved operate the ranch with the help of their sons, Lee and Clint, and families. We enjoy our horses and strive to make them nice to look at while they are being used. We work cattle the old fashioned way by dragging them to the fire. Our horses are not strangers to the chores that a ranch requires. It won’t matter if you are looking to check those yearlings that refuse to stay in or wanting to stretch that corner fence that won’t stay tight; we have a horse bred to take care of you. Whether you are interested in ranch, performance, or show, we invite you to take a look at our horses.

Lee and Penny Hetletved own and operate LH Equine Center, a stable and equine event center located north of Bismarck, North Dakota. Lee is a teacher of agriculture at Simile Middle School. Penny is the reading director at the ND Youth Correctional Center. Their five year-old daughter, Kinley, is horseback and is smack in the middle of things! She has competed in her first rodeo and has the taste of rodeo! Hatley is 1 1/2 years old and is full of smiles and giggles. She watches big sister’s every move!

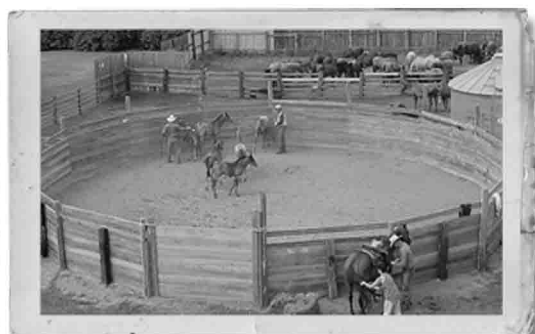

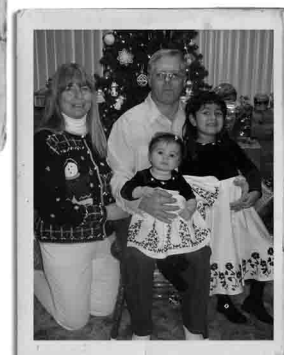

Clint resides and is employed in Bismarck, North Dakota. In addition to Clint working with the horses, Clint’s mechanical ability is an asset to the ranch. In his spare time he tinkers with his vehicles and tractors as well as spending much of his time with his girlfriend, Lacey.

Great horses. Beautiful country. A family working together. Friends and customers who share our vision. Glory be to the Lord. That indeed, is the definition of the American Cowboy’s Heritage. We welcome visitors at any time.

Hats Off to Our  
Past and Future Customers!

# California's Extreme Equine Experience...Dakota Style

On a quest to improve Hetletved Quarter Horse's Driftwood/Hancock breeding program, Gene Hetletved and his family continually research the industry's horses, crosses, and cutting edge equine issues. On one of these research journeys, Gene, through a mutual acquaintance, became aware of John Rudnick and his interest in Driftwood bred ranch horses. With his interest piqued, Gene called John Rudnick regarding his Driftwood horses. As the two horsemen visited about their passion, good horses, it was soon discussed about the possibility of Hetletved Quarter Horses furnishing the horses for the clinician competition during the 2006 Extreme Equine Experience in Paso Robles, California. John Rudnick wanted three horses that were closely related, and Gene had just the package—three-quarter sisters by Lonsum Drift 045 (an own son of Drifts Chip) and out of High Rolling Roany daughters. With both men finding the opportunities they were searching for, planning began.

On the Hetletved ranch, the travel plans and preparation commenced. The three-year old fillies were brought in for their spring vaccinations as well as Coggins samples drawn and health papers written. Gene and his wife, Jan, booked airline tickets. Gene and Jan's sons, Lee (Penny & Kinley) and Clint, packed their bags for the 1900 mile drive to California with the fillies on board.

Arriving two days early, the fillies had a chance to rest before Chris Cox, Ken McNabb, and Richard Winters began the round pen competition worth \$10,000. As the first day of competition arrived, each clinician drew for a round pen and a filly. Chris Cox drew pen one with Misty Prairie Drift, a gray filly. Richard Winters was chosen for pen two with Ms Drifting Roan, a blue roan filly. Ken McNabb found himself in pen three with Drifts Lonsum Chic, a brown filly.

After a mere hour and a half of allotted time, Chris Cox was riding his grey filly outside the round pen. Richard Winters was saddled and on board his blue roan filly. Ken McNabb didn't have his brown filly saddled, but he did have a solid foundation that would prove to be helpful the following day. The clinicians returned the next day with one more hour of work with each filly before the obstacle course as the competition's grand finale.

Both days' round pen time as well as the obstacle course were judged by some of the most knowledgeable professionals in the equine industry: Monty Roberts, Vivian Robertson, Pete Agalos, Gary Gordon DVM, and Tommy Sondgroth. The obstacle course included the following requirements: mount and dismount from each side; walk, trot, canter; cross a log; step through garden hoses; and pull a log ten feet. The time limit was eight minutes with any remaining time to be used as each clinician saw fit.

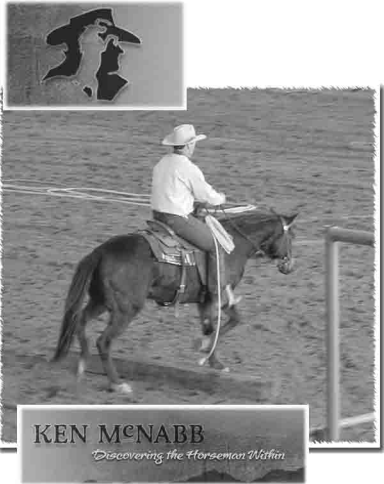

The order was drawn for the obstacle course. Up first was Ken McNabb with Drifts Lonsum Chic. Ken had taken the audience on a tremendous journey the past two days as his brown filly had transformed into his trusting friend. Drifts Lonsum Chic, gently guided by Ken, traveled through the obstacle course with ease.

Chris Cox followed on top of Misty Prairie Drift. This grey filly followed each command that Cox gave her. As Cox finished all of the requirements of the obstacle course with two minutes remaining of the eight minutes given, he stood up on Misty Prairie Drift's back and gave the audience a sign to "hush." He then dismounted and walked away from the filly. As the crowd affirmed his performance, Misty Prairie Drift joined up with Chris Cox—completely in his back pocket.

Richard Winters was the last to go through the obstacle course on board Ms Drifting Roan. Midway through the course, the duo had difficulty communicating. Ms Drifting Roan used equine instincts of flight—Richard Winters easily halted these instincts and continued with the competition until time elapsed. (After our return, Richard Winters emailed: "It was great to see these nice horses who made such strong changes in the short time we had to work with them. I found these mares to be willing, intelligent, and nice to be around.")

The spotlight then turned to the judges' ballots. Maureen Rudnick, wife to John and event coordinator, then had the nerve-wracking task of figuring the scores as the eyes of the audience rested upon her. The winner of the \$10,000 and title of Champion of the Extreme Equine Experience went to Chris Cox, hailing from Australia. All clinicians had displayed methodology that worked. All fillies had displayed their willingness to learn—a common disposition of Hetletved Quarter Horses.

So, where are these fillies now? Despite buyers' offers in Paso Robles, these three-quarter sisters were hand-picked to enter the broodmare band as replacement fillies. These mares are being crossed to the High Driftin Hancock stallion and are in their second year of having foals.

*On an additional note, following our experience in Paso Robles we had the honor of Ken McNabb coming to our sale. He was impressed with our horses, and we were impressed with his integrity. He led us in Cowboy Church Services. If you've never had a chance to get to know Ken, we highly recommend tuning into one of his segments of RFD TV.*

## The Story Behind Our Breeding Program...

Hetletved Quarter Horses desired a breeding program that would produce horses possessing good dispositions, foot and bone, as well as reflecting proven foundational bloodlines within the ancestry. In addition to the physical features, we wanted horses with good minds, athletic ability, and diversity under saddle. Through much research and networking, Hetletved Quarter Horses chose the route they wanted to pursue. Our breeding program is based on three sires that possess profound consistency. These sires are Joe Hancock, Driftwood, and High Rolling Roany.

Joe Hancock was born in 1923 on the John Hancock Ranch in Texas. Joe Hancock sired six Race ROM, 2 Arena ROM, and 21 ROM Producing daughters. Joe was put down in 1943 due to complications from a pasture accident. He was inducted into the AQHA Hall of Fame in 1992.

Joe Hancock did not receive the above list of fame by being a mere sire. In those days, stallions had to prove themselves before getting stallion duties. Joe Hancock was known for his conformation. The Western Horsemen's Legends quoted Newt Keck as saying, "Joe could go to the track today and not be out of place in terms of conformation...He looked good then, and he'd still look good. Joe had the best hip and one of the heaviest loins I'd ever seen on a horse."

Joe Hancock raced during the true glory days on dirt roads and "lap and taps." Joe was never beaten in all his races at three-eighths of a mile. He was only beaten once in his career during a half mile race. During his off time, Joe Hancock was cowboyed on at the ranch as well as breeding mares.

Diane Simmon's Legends book states, "Many ropers of today say that Joe Hancock was the all-time greatest sire of rope horses. Even third- and fourth-generation Hancocks have made good rope horses...Old time ropers say that the Hancocks were big, stout, and tough, with lots of bone...Most of them had good withers, cinched deep, and sure enough could run...Ropers still swear by these big...hard-working horses."

Driftwood, also known as "Speedy," was born on 1932 on the Childress Ranch in Texas. Driftwood had 25 foal crops before his death in 1960. We chose Driftwood breeding due to his consistency of offspring being great performers. AQHA calls him a "Legendary Sire of Roping Horses" in a 1952 article published by the organization. Driftwood is a grandsire of 16 AQHA Champions, a sire of 20 ROM earners, and is considered 100% Foundation Quarter Horse breeding.

None of the accolades are without merit, though, since Driftwood himself was quite a performer. He was known for outstanding physical ability and speed. Driftwood was a notorious lap and tap racer. His fame for this sport came not only from his speed index of 95 mph but also due to his never getting "hot" with the many re-starts that were common to the sport. Driftwood was sold to Asbury Schell, a tough Calf Roper and World Champion Team Roper, who made Driftwood a fixture at the big rodeos across the circuit. Soon, Driftwood was known as "Speedy" due to his ability to catch cattle with ease. Driftwood was used in calf roping, team tying, single steer roping, bull dogging, and match races. According to a *Hoofs and Horns* article, Driftwood was used at a Payson, AZ rodeo where he took his riders to the pay window in all of the above events. Due to the hardships of World War II, Asbury sold Driftwood in 1943 to Channing and Katy Peake where he began his career as a sire.

Driftwood's diversity, ability, and disposition are characteristics still coming through his generations today. The Western Horsemen's Legends: Volume II quotes Jimmy Williams, one of the greatest stock horse and hunter-jumper trainers, as describing Driftwood foals by saying: "They are the best. You ask 'em to do anything, and they'll do it. They want to learn, and they have the ability to do something when you've finished with them. I think Speedy is as good a sire as there is any place."

High Rolling Roany is a Driftwood/Joe Hancock bred stallion. High Rolling Roany was born in 1985 on the Roy Cleveland Ranch. He was purchased as a yearling by Bub Nunn of Miles City, MT. High Rolling Roany died in 1998 due to complications of a foot injury while pasture breeding. Roany is buried on top of a hill that sees in all directions at the Hetletved Quarter Horse Ranch.

According to the article entitled "The Cowhorse Confluence" by John L. Moore, the purchase of High Rolling Roany happened like this. Nunn says he was "wanting a Hancock horse pretty bad" when he went to a Jayne Harris horse sale in Recluse, Wyoming in 1985. A stranger approached him and pointed at one big roan weanling. "That's the only stud colt ever saved out of Roan Prairie," the man said. "I picked up in Cheyenne on Roan Prairie and he was the best pickup horse I ever rode." The colt had been consigned to the sale by noted breeder Roy Cleveland and was named "High Rolling Roany." Just as Roan Prairie was the definition of quality by that stranger, High Rolling Roany proved to be a super saddle horse that covered the big country of Montana with ease. As a sire, he consistently gave his foals even dispositions, good foot and bone, as well as putting a "roan hide" on a majority of his foals.

High Rolling Roany proved to be much more, though, in our hearts. We were fortunate enough to be able to acquire a large band of High Rolling Roany daughters from Bub and Nona Nunn of Miles City, MT. These daughters had all of High Rolling Roany's traits in addition to phenomenal maternal traits--especially in milk production. By sale day in August, at only three to three and a half months old, many of our foals are already shed out and fat from their mama's milk. High Rolling Roany enveloped the greatness of Joe Hancock and Driftwood as well as offered more greatness within his own traits. If you would like more information on High Rolling Roany, you can find Larry Thornton's "Working Lines" article featuring High Rolling Roany in the August 2006 edition of *The Working Horse* magazine as well as a June 2008 article in *America's Horse*.

# Featuring Legends Joe Hancock, Driftwood, and High Rolling Roany...

All of Hetletved Quarter Horses' current ranch stallions are descendants of Driftwood and Joe Hancock. It's with great pride that we offer our foals who have legendary ancestors, good conformation and bone, big hips, athletic ability, and good dispositions. Most of all, though, they have proven to have minds to handle any situation, pressure, and duty.

The following story segment as well as the picture to the left with Bub and Nona Nunn are courtesy of John L. Moore, author and Montana Rancher... "There is no lack of cow in Nunn's Roany horses. 'I saw something once I wouldn't have believed if I hadn't seen it with my own eyes,' says Nona Nunn, Bub's wife. 'Bub was working heifers in the corral on Roany, and two tried to get by him. One tried to go behind Roany, and he stuck his leg out to block it.' The Hancock line of horses have always been known for being unusually athletic for their size... 'Nick Mothershead started Roany,' Nunn recalls. 'After the first saddling he called me. 'I thought you said that horse had never been rode,' he said. He hadn't, I told him.' On his first ride Roany had behaved like a broke horse."

Lonsum Drift 045 is a 1997 stallion that fits into our production operation nicely. He is well-dispositioned and owns an incredible pedigree. Drift rides out well...he is quick and handy under saddle.

Drift consistently produces top quality foals for our sale. He is a strong breeder that puts big hips on his foals along with good foot and bone. Several of Drift's colts are standing at stud. We also have young geldings of Drift's on several ranches, and the buyers are very pleased with them. They are smart, quick to learn, and easy to get along with.

Drifts Chip's first AQHA performers earned points in open reining and open heeling. Many of his foals are highly valued rodeo and ranch horses.

Lonsum Tiger was the 1979 NCHA Reserve World Champion Cutting Horse. Tiger Leo AAA has sired 24 Superior, 10 AQHA Champions, 4 World Champions, and 3 Reserve World Champions. Kiowas Diana, a triple bred King mare, is the dam of 3 AQHA Champions, and 592 AQHA Open Points. All of her performers are full brothers and sisters to Lonsum Tiger.

High Driftin Hancock has quickly become an important part of our program. His foals are exceptional. They come with big hips, good minds, and beautiful color. His pedigree offers one of the highest concentrations of Driftwood and Hancock available. "Frosty" is a gentle, well-mannered, good-looking stallion with a keen head and soft eye. Under saddle, he is quick to learn and proves to have a good mind. He rides out well with natural cow ability and catlike agility.

High Rolling Lucky is a 1999 stallion raised on our ranch who is also a son of High Rolling Roany. He carries many of his sire's characteristics with his strong build and large frame. His bottom side offers more crosses to Hancock and Silver King.

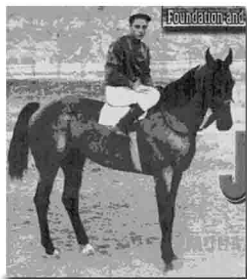

We rodeoed on High Rolling Lucky's dam, Quintas Lucky, along with full brothers and 3/4 sister to her. His dam's full brother qualified and competed at the National High School Rodeo Finals in 1989 as a heading horse. A full sister to Quintas Lucky competed in the cutting event at the National High School Rodeo Finals in 1991.

We've had a few Montana ranchers tell us that High Rolling Lucky's get are really riding nice. They seem to have just the minds we're wanting to offer and are built to last.

# High Poco Jax

**1998-2008** Red Roan Stallion ~ #3669339

High Rolling Roany

We have used Poco to concentrate the sought after High Rolling Roany bloodline. The results are in...they were a fantastic product.

Jax Patti Bars

High Poco Jax was a 1998 stallion that was raised on our ranch. He was a son of the legendary High Rolling Roany and possessed his sire's gentle disposition and ability to cover wide-open country with ease. It is with deep sadness that I work on Poco's page this year. Poco was my personal favorite stallion--you could drag cattle, heel, or visit him in his mare pasture without any worries. He gave his foals the known traits of HRR with his honesty, mind, foot, and bone. He could be tied next to a mare when under saddle and know what "hat" he was expected to wear at those times. Poco was the ultimate "story" of what you strive to use and produce. He will be dearly missed not only by my family, but also the buyers of his great riding horses.

Pictured to the left is High Poco Jax leading a band of mares home for foal handling. Pictured to the right is Poco pulling the sled for winter fun. It is with honor enveloped in sadness that we offer to you Poco's last foal crop. May you enjoy them as much as we enjoyed Poco.

# 10 When the brand goes on...many jobs are filled!

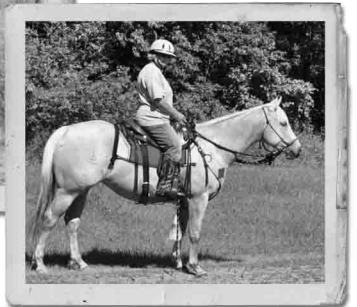

Volume Buyers of 2007 went to Bill and Vickie Harris of Mosby, MT. Pictured above is Gene Hetlvetved with Bill & Vickie's daughter, Heidi Stroh and her husband, Josh. Heidi and Josh bought four sale foals for Bill and Vickie's ranch!

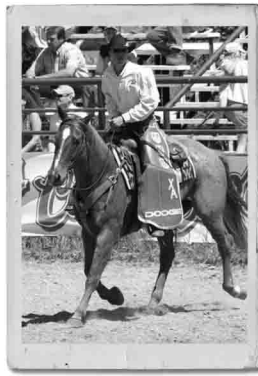

Pictured to the left is Pam Daly on "Moxie," out of a daughter of High Rolling Roany.

Pictured below is Alice Larson on "Copper" out of a Hancock mare and Zan Gold Jackson.

These two Hetlvetved Horses are used for pleasure riding not only in their MN area but also travel to the Badlands of ND!

Pictured to the left is Doug Enloe of Long Prairie, MN on top of Zan Gold Jodie, out of a High Rolling Roany daughter and Zan Gold Jackson. Here, Doug is using "Big Roanie" for the sheriff's mounted police. "Big Roanie" resides on Doug and Kris Enloe's Quarter Horse Ranch.

Pictured to the left is Hetlvetved Quarter Horse's Lot 1 for 2007 selling to Lance and Tina Gerhart as their ranch's next stud prospect. Tina sent this picture of their five year old son Clay sitting on this foal just a week after the sale. This colt is out of Lonsum Drift 045 and a High Rolling Roany daughter. What dispositions!

Pictured to the left is Jay Shaw, PRCA Pick Up Man from Miles City, MT, on a High Rolling Roany grandson. Edyna Shaw shared that, "Tiny" is a 9-year-old, AQHA Red Roan gelding, standing about 16.1 hh. "Tiny" is the ultimate PRCA pickup horse and a superb all around horse! This horse travels like there is no tomorrow and has a heart that just won't quit! "Tiny" has really taken a liking to, and babysits, our oldest girl Cady Jo; she is 2 years old."

Pictured to the right is Adam Rose heading off of "Lonsum Gray Drift." "Drift" is out of Lonsum Drift 045 and a High Rolling Roany daughter. He has been used competitively at the pro level. "Drift's" other hat is ranch stallion at the Roan Rose Ranch in Willard, Mo, owned by Phillip and Lynn Rose.

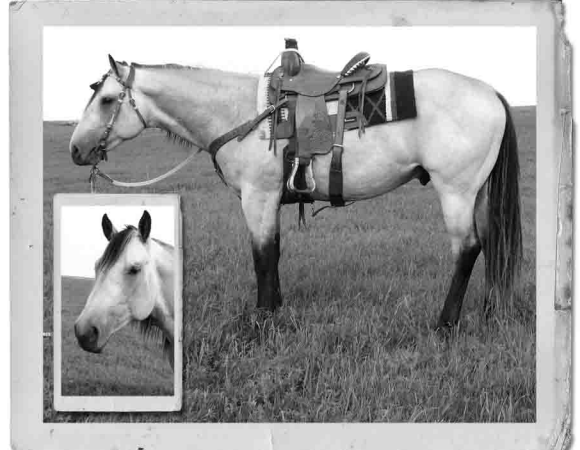

Pictured below and to the right is Gene on Zan Gold Jackson at the back of Jackson's band of mares with Lee on the late High Poco Jax, a son of High Rolling Roany, leading the band home to handle foals prior to sale day. Our stallions have dispositions that allow us to go to the pasture, saddle up, and change "jobs." HQH horses have ability as well as personality.

Pictured to the right, "Junior" is a half brother to Hetlvetved stallion "High Rolling Lucky," son of High Rolling Roany. Junior is a PRCA tie down roping horse currently setting fourth in the Badlands Circuit. Picture courtesy of Doll Rodeo Photos.

Above is Vickie Harris (left) and her daughter Cori Collins riding in Big Sky country. Vickie is riding her main ride, Jo High Jinks. "Jo" is out of a High Rolling Roany daughter from the Hetlvetved Ranch. Jo High Jinks, not only being a super saddle horse, also serves as ranch stallion on Bill and Vickie's ranch. Jo's dam has HQH Lot 4 this year.

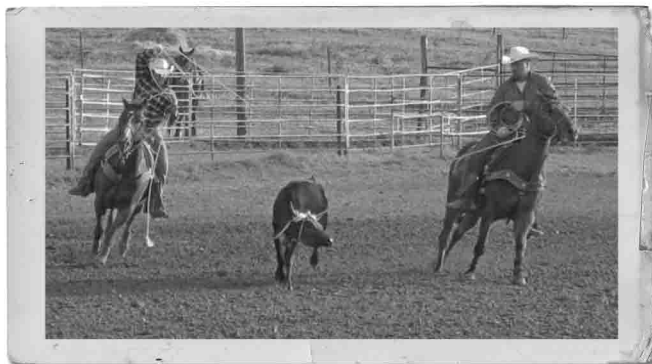

Above is High Driftin Dream, a double bred High Rolling Roany purchased at the Hetlvetved Production Sale a few years ago. High Driftin Dream is proving to be tremendous under saddle. Not only is he an eye appealing buckskin, but also serves as ranch stallion at Troy and Sara Vollmer's Ranch, Wing, ND.

# Our Horses Can Wear Many Hats!

Pictured above, 2007's MRB Volume Buyer went to Roy Cleveland of Brule, Nebraska. Roy was presented a headstall by Bob Olson, Store Manager of Diamond W Animal Essentials, Bismarck's Purina Dealer!

Pictured above is Tony Ruzicka heading off of "Hot High Drifter," a gelding out of Hetletved stallion High Driftin Hancock. Tony just started "Rambo," and even as a three year old, he is handling the pressure of the arena very well. Tony Ruzicka, his wife Amber, along with their new son Gatlyn hail from Willard, MO.

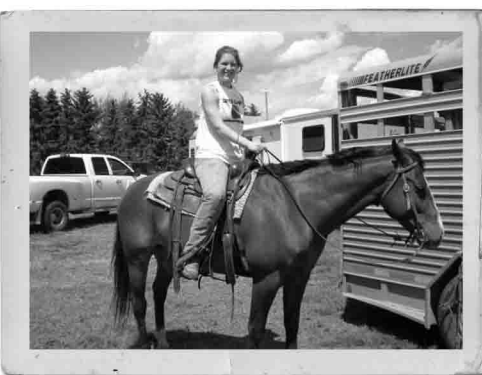

Pictured to the left and below are a new winning duo thanks to the MRB Sale of 2006. Dennis and Judy Hintz purchased "Bronc" from that sale for their granddaughter Tyler. The two of them have been running and winning ever since. Below, you will find just a 'smidgen' of the awards that this duo have collected. In addition to that pictured, Tyler and 'Bronc' won the 1 D Division Saddle in the NBHA series. Congratulations Tyler & 'Bronc!'

Pictured above is the highest selling gelding of 2007's Missouri River Breaks Performance and Ranch Horse Sale. "Windy Night Dance" is a 1998 Finished Heading Horse that was consigned by Lee Morast and purchased by Jr. Wrangler Division Competitor Justice Johnson of Bismarck, ND for \$10,000.

Pictured above is the buckle presentation for the 2007 Missouri River Breaks Performance and Ranch Horse Sale's Ranch Horse Champion. From left to right are Penny & Lee Hetletved, MRB sale managers; Brad Hauerland of Sealy, Tx, "Ringo's" new owner, and Lance and Tina Gerhardt, the consignors of "Ringo." Two handmade buckles are crafted by Darryl Howard of Bismarck, ND. One buckle is presented to the champion of the Ranch Horse Competition and the other is presented to the new buyer of that champion. The Ranch Horse Competition will be held at 5:00 PM on Saturday, August 16, immediately following the 2008 Hetletved Production Sale.

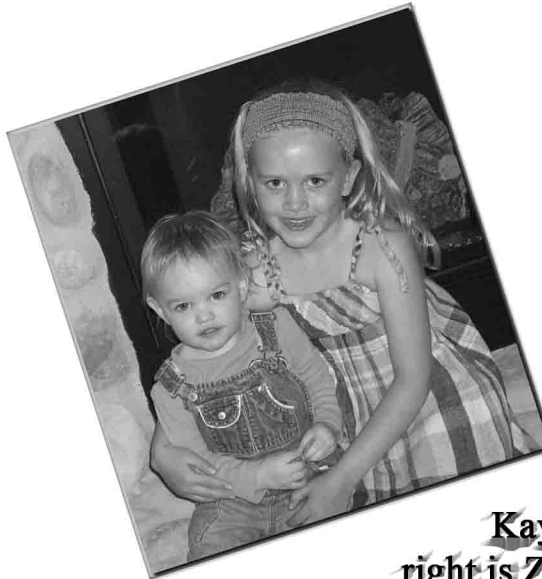

Pictured above is Ali, daughter of Rory and Becky Humann, on "Dazzling Cody" a 2007 MRB consignment by Jeremy and Lacy Cargo. In this picture, Ali and Cody are ready to do their 2008 brandings.

Pictured to the right was MRB's Sale Favorite for 2007. "Snowball" was consigned by Lance & Tina Gerhardt and was purchased by Grandpa, LeRoy Hauerland of Sealy, Tx for his grandson Jake who is pictured on board Snowball. As you can tell from the picture, one little boy 'had the best Grandpa ever' that day!

Below is the message that we received from Becky Humann, a satisfied 2007 MRB customer (her daughter Ali is pictured above):  
 "I just wanted to let you know how pleased and happy we are with the horse we purchased from your annual production sale in August 2007. My husband, Rory, and I purchased a bay 5 yr old gelding named Cody (Lot 34). We were looking for a ranch horse that I could ride, as my current horse at that time had more "spirit" than I could handle. After viewing the ranch horse competition on Saturday, we selected several horses that would potentially meet our needs. We were looking for a gentle, well rounded ranch horse that was easy mannered and that I could handle on my own. We found exactly that in Cody. Not only do I get along with Cody, so do our kids (who by the way are very inexperienced riders.) I'm looking forward to riding Cody this spring and summer, as we begin to check our yearlings and attend neighborhood brandings and trail rides. Rest assured, if we ever need to purchase an additional horse, you can bet that we will attend your next sale. Thanks again for planning, organizing, and sponsoring such a great production sale."  
 Sincerely,  
 Becky Humann

# Davis Quarter Horses

**Pictured to the left are**  
**Kaydin & Kamry. Pictured to the**  
**right is Zach & Kim's newest addition, Karly.**

*Davis Ranch was established in 1910. We have a long history of ranching and raising quality horses. We have been raising registered Quarter Horses since 1962. Zach, Kim, Kaydin, Kamry, and Karly are fifth and sixth generation family members that are involved in raising quality ranch and performance horses. We take pride with raising horses that will perform both on the ranch and in the arena, rather than raising horses for numbers.*

*Davis Ranch has built a solid Quarter Horse program based on proven genetics, disposition, and ability. Our Quarter Horses are proven through decades of success with rodeo and ranching. We aim for raising horses that will be successful no matter where you use them. We own and operate an 8,000 acre cow/calf ranch that encompasses Pretty Creek, Bear Creek, and The Moreau River Watersheds. We use our horses daily to complete our ranch work; we also use our horses for competing at the PRCA, SDRA, and NRCA levels down to local rodeo play days for our children.*

*We like to pride ourselves on our Orphan Drift/Driftwood based studs-- Orphan Ike, Dust My Buttons, and TKM Dawson Wood. We are equally proud of our home-raised Leo, Roan Bar, King, and Three Bars bred mares. These foundation bred studs and mares are the basis of our program. We believe that quality bloodlines and time-proven horses are the key to raising performance and ranch horses. We are excited to be offering this outstanding crop of colts along with our performance horses in this year's sale.*

*We would like to thank the Hetletveds for this opportunity to offer you, the consumer, our foundation bred horses. Feel free to contact us anytime at the ranch @ 605-365-5662 or 605-365-7353, HC 83 Box 133, Dupree, SD 57623. We hope you enjoy your purchases, and we look forward to hearing from and serving you.*

Orphan Ike is an excellent calf horse. He's my favorite to ride. I haven't bred a lot of mares to him, because I don't want to turn him out during rodeo season. Probably the best minded and biggest hearted horse that we have ever owned.

Eye-poppin' class and color. Definitely a stallion prospect. Take High Driftin Hancock's ancestry of War Chief and Blue Amigo Socks (goes back to Waggoner), known producers of AQHA Champion Performance horses and add that to the phenomenal dam's side of cow sense champions such as Tiger Leo and Sea Bar. It makes a must-have, "keepin" combination.

Here's a prime example of what we want our Driftwood/Hancock program to represent. This is Misty Prairie Drift's second foal. He's a definite stallion prospect. Not too surprising, though, with all of the AQHA Champions and Arena ROM earners in his past: Joe Hancock, Waggoner, Driftwood, Red Man, and King. He's the one! He is smart and can scat! Special Note: This dam is the one in our CA article that partnered with Chris Cox for the \$10,000 grand prize in Paso Robles, CA.

Disposition at its finest with the level-headed traits of this filly's Driftwood/Hancock topside as well as one of the kindest granddams, Jax Sweetwater Red. The combination of being a double bred High Rolling Roany as well as Jax Sweetwater Red makes this filly a whopping 23% Peter McCue. Peter McCue is an AQHA Hall of Famer that is 100% NFQHA breeding.

Quality. This classy colt has brothers in Montana that have become the "main" ride on those ranches. This is the dam to High Jo Jinks who is the ranch stallion on the Bill and Vickie Harris Ranch. Here's a true Driftwood/Hancock bred colt going back to Driftwood five times and Joe Hancock nine times! The grand-dam, Jax Sweetwater Red, had the best disposition of any mare we have ever had and stamped her foals with it. This colt will be smart, kind, and willing to please.

Here's a saddle horse deluxe with free movement and quick reflexes. Lightning Jet Cat, his great granddam, was a tremendous producer. His characteristics reflect his John Red ancestry the most. John Red had a speed index of 95 and a ROM in racing. In addition, John Red produced six offspring with arena ROM's. This colt, like John Red, covers the pasture with speed and provides pasture entertainment when it is time for him to play.

We kept the full sister of this colt as a replacement filly last year. This year's colt has a big, shapely hip that would compete in any arena or ring! He's out of a high producing lineage including Two Eyed Jack who was a successful competitor himself as well as AQHA Hall of Famer that is considered a top ten all-time sire due to the outstanding records of his offspring.

Nice double bred High Rolling Roany filly that should ride well as she already displays the great athletic ability known for by her maternal side of Tana Cooky (by Leo), an AQHA Hall of Famer that is considered a leading sire and maternal grandsire of ROM Race qualifiers, AQHA Champions, and Arena ROM qualifiers. This was a first time cross for this dam to High Poco Jax. It proved to be an exceptional one--but the only one due to Poco's death. You can go a variety of ways successfully with this one-of-a-kind, young filly.

The foals out of this combination are friendly and kind. She has three noteworthy legends on her bottom side, including Hard to Beat, AQHA '68 High Point Halter Stallion; Gay Bar King, AQHA and NCHA Hall of Famer with 50% NFOHA breeding; and Sugar Bars, AQHA Hall of Fame with 38% NFOHA and a speed index of 95. Not to mention her sire, the late High Poco Jax, that was good minded, handy on his feet, and a son of High Rolling Roany.

High Poco Jax's disposition and pedigree offers you roping potential as well as cutting ability with her dam's side offering Peppy San Badger who is credited to being the #1 Leading Cutting Horse Sire of All Time with progeny that have earned over \$24 million. Have a need for speed? This filly has that too with Stop the Music, a Saratogo and Belmont race winner. Those who have owned this combination have loved their minds, looks, and riding ability. Due to Poco's death, this is the last time this combination will be offered. This foal will have appendix papers.

I'm riding a full brother to Duke, and its hard to let him go. Tons of brain and ability. Don't let Duke's color hold you back. When they're good, it doesn't matter what color they are.
